Small-to-mid contract bonds

Small to mid-sized bonds, large-scale expertise

Our Surety Plus small-to-mid team supports contractors with cost-to-complete needs from \$3 million to \$25 million. Our underwriters specialize exclusively in this segment, giving them the experience and understanding to provide solutions tailored to your bonding needs.

With a common-sense underwriting approach, the authority to provide quick answers, and flexibility on limits, we deliver timely decisions that help keep your business moving. To maximize success for both you and your contractors, we combine responsive, relationship-driven support with unmatched industry, regional, and economic insight to help contractors make informed decisions as they develop and scale.

Whether your contractor is seeking an occasional bond or looking to establish a long-term partnership, our team has them covered.

Why small-to-mid?

Expedited decision making.

Because our field offices are empowered with authority, you get a faster response.

Long-term relationships.

If your contractors grow, we can grow with them, ensuring a long-term Liberty, agency, and customer relationship.

Exceptional value-added services.

We help contractors understand industry and economic trends and use that insight to grow from an emerging firm into a best-in-class organization.

Extensive underwriting expertise.

With field and home office underwriters dedicated solely to this sized business, we understand your clients' unique needs.
